Certificate IV in Christian Ministry

The Certificate IV in Christian Ministry – Leadership Foundations stream requires approximately 10-11 lecture sessions per week over 4 terms. Below is a suggested timetable. Modules can be swapped between terms, but it is recommended you discuss with the College as some modules are better delivered early in the course. Your lecture sessions can be scheduled in any order and on any day or night. The modules highlighted are the Core modules and if you are running both the Leadership Foundations and Leadership Internship stream concurrently, these are the modules all students would need to undertake (Please refer to the Leadership Internship Sample Timetable for more details).
